

## **CHRISTOPHER SOCHA**

### **PROJECT MANAGER**

Chris Socha joined Mercer Construction in 1982. Mr. Socha supervised field operations on a variety of assignments. He came into the office as an assistant project manager working on some of the more complex and difficult projects and has now taken on projects of his own.

Having supervised field operations for many years, Mr. Socha has developed outstanding problem solving abilities, which have been a great asset in managing projects. He is also a skilled estimator frequently assisting in analyzing subcontractor bids, developing competitive bids, and preparing proposals for negotiated project. He has supervised and assisted managing construction at Stevenson Ranch Plaza and Center on Seventeenth, supermarket demolition and remodels, Buena Park Mall, Modesto Shop Buildings, Modesto, Bakersfield Site, Offsite, & Shops.

Mr. Socha started his career in 1972. He began his construction career in the carpentry trades, and then became a construction supervisor. Mr. Socha has built medical facilities, financial institutions, multi floor office buildings, public works buildings, and avionics buildings and training centers for March Air Force Base.
