

# **JAMES P. IVEY**

## **PROJECT ESTIMATOR**

James Ivey analyzes bids received from subcontractors, develops and submits competitive bids for various commercial construction projects, and negotiates all subcontract agreements.

Mr. Ivey's management and cost estimating experience includes a full range of building and engineering projects. He is involved in all construction cost estimates submitted by Mercer Construction including design phase budget estimates, price proposals for negotiated work, and competitive bid quotations. Mr. Ivey is skilled in preparing comprehensive, high quality, competitive bids.

Mr. Ivey joined Mercer Construction in 1980 after several years of construction experience as a subcontractor in finish carpentry and millwork trades. He learned field operations as a project superintendent and then began working in the office as an estimator. His varied experience in commercial construction makes him an asset to Mercer Construction Company.
